

SNOW & ICE · LIQUID DE-ICING SYSTEMS

Prepare. Produce. Protect.

Complete liquid de-icing solutions built to handle the harshest environments and deliver perfect salinity every time.

THE SYSTEM State DOT Routes · County Highways · City Streets · Parking Lots · Facility Entries

Built on Trust, Driven to Keep the Midwest Running.

Precision Brine Production

Engineered for Absolute Uptime

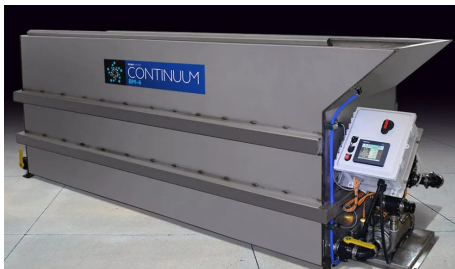

AUTOMATED CONTROL

CORROSION-RESISTANT

TRUCK FILL INTEGRATION

THE TARGET 23.3% Salinity · 6,000 Gallons Per Hour (BM-6) · Automated Real-Time Blending

BRINE MAKER

CONTINUUM™ BM-6*

- Push-button controls
- Real-time tank monitoring
- Self-calibrating controls
- Fully automated system

STAND-ALONE CONTROL

CONTINUUM™ SC-100*

- Indoor controls, outdoor maker
- Password protection, data logging
- Compatible with other brine tanks

TRUCK FILL

CONTINUUM™ TF-XR*

- True real-time blending
- Variable and fixed flow rates
- Blends up to three products, 1–50% ratios
- Cellular remote access

*ALL THREE SYSTEMS

Compatible with treated or plain salt.

ICE MASTER® T-SERIES

- Rust-Armour™ stainless frame
- Double spray bar system
- Tri-Zone™ spray selection
- Baffle-Ball™ surge control
- 250 – 3,000 gal · 11 configurations

STORM COMMANDER™

- MTS PRO — universally compatible granular & liquid tracking system
- MINI RWIS — weather cameras for snow and ice control
- GPS & DASH CAM SOLUTIONS — for snow and ice control
- THERMA TRACK — pavement temperature monitoring system with an online portal

POWER PACK UNIT

- Gas, electric, or hydraulic
- Mounts to any tank frame
- Ecomax pump: quiet, efficient
- Storm Commander™ ready
- 1-year warranty · Made in USA
